

STARLINE WITH PVC SHEATH

ANODISED STARLINE

Bactericidal joint

HANDRAILS WITH TWO-COLOUR PVC BAND

Applications

A combination of technology and elegant design, the Starline range is the ideal solution for all straight and curved corridor areas in public buildings: hospitals, clinics, retirement homes, hotels, offices. Starline can be bent for curved sections. A removeable system is available to provide continuation of the handrail in front of service ducts. It is fitted with bactericidal joints.

Specification

- Description: Anodised aluminium or antibacterial PVC-sheathed handrail with a lightly textured PVC band (Starline as manufactured by Gerflor). The profile is satin silver anodised aluminium or PVC-sheathed aluminium, with a groove into which the 40 mm high satin silver anodised aluminium curved brackets slide and lock. Accessories (wall returns, 90° internal and external angle pieces or made-to-measure from 90° to 160°) made of antibacterial smooth and solid colour PVC are fitted into the profile. A self-adhesive lightly textured PVC band is bonded to the rail assembly. The depth of the handrail is 90 mm, it has an overall projection of 80 mm and a thickness of 30 mm. Bactericidal joints are provided for the junctions between profile sections and accessories.

The profile can be curved.

- Environment: No heavy metals and no substance potentially subjected to any REACH restriction are used in its manufacture, nor PBT/PBA. The calcium-zinc thermal stabilisation process is used. The emission level of volatile substance in inside air has been tested according to ISO 16000-6 and is very low (A+) according to the french regulation (23 march 2011 nr 2011-321 Decree and 19 April 2011 Order). 100% of the product are recyclable.
- Colour: Selected by architects from manufacturer's standard range.
- Installation sequence: Upper edge of section 0.90 m max. above floor level. Fixes to self-locking 2-point perforated brackets screwed to the wall at 1.20 m centres (0.80 m centres in heavy traffic corridors and on light partitions like plasterboard). Wall returns fixing with pop rivets.
