

Architect description:

Supply of ROMUS brand QUICK ALU roll-up entrance matting for installation in a recess. Positioned in indoor entry areas, they will be dimensioned with a (minimum) walking length of 3m to absorb at least 70% of dirt and moisture

Strong and wheel-chair accessible, constructed on a latex backing, QUICK ALU mats will be class 33, made of scraping, absorbent and anti-slip textile inserts as well as collection areas. Polypropylene fibres represent 76% of the surface area and aluminium profiles 24% of the mat surface area.

Delivered rolled up, with a weight of 6 kg per m², and compliant with the European REACH regulation, the mat thickness will be 13 mm, absorption capacity 3.5 litres / m², and the colours of the inserts anthracite Ref. 8875 or brown Ref 8876 (please specify).

Installation will take place in a 13mm recess using an installation frame, Ref 6113, or 11 mm "L" frame, Ref. 6099/6082, or a self-adhesive frame Ref. 6290.
