- Insert color: black,graphite,coir,marine
- Application area: indoor,outdoor
- Cleaning zone: zone 1,zone 2,zone 3

This model is made of aluminum profiles with inserts, made of highly durable Coral Brush Active carpet, with a pile made of 100% PA BCF, with thick polyamide monofilament fibers, which act like thousand tiny brushes, efficiently removing the dirt and cleaning the shoe soles. Due to its cut pile structure, the carpet can be easily vacuum cleaned and has good moisture absorption properties. HD40 Brush Active mats are suitable for both outdoor and indoor use. They can be installed in all three cleaning zones - coarse dirt collection, fine dust removal and moisture absorption.
