

Metal Spirit

rasch

Metal on the wall? Yes, absolutely! The non-woven wallcoverings from 'Metal Spirit' create a unique and modern industrial style while still providing a cosy and homely ambience.

Oxidised metal plates in solid colour or decorated with abstract leaf motifs, sophisticated longitudinal structures with fine lines or a natural cork look with lively patina and metallic effects... Each wallcovering impresses with a great look and can also be wonderfully combined with all the other designs in this collection.

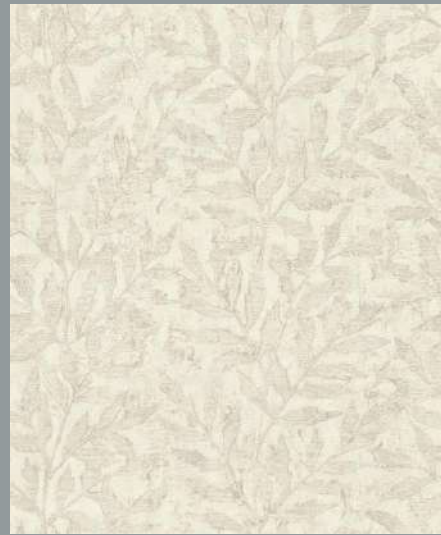

White, beige, grey, brown, green and black with an impressive metal look are the defining colours and bring class, but also cosiness. This way, you can create a cool and casual loft atmosphere in your home in no time at all.

- Non-woven wallcovering collection
- 25 wallpapers
- 1,06m x 10,00m
